**A special Word from the Holy Spirit to Impact and our Pastors  
through Pastor Bill & Linda McRay**

***A Word from the Holy Ghost to Impact Church***

I have much for you that you have yet to experience. That which you have experienced has been a great joy in your life and a great help as well, but I have much in my Word and by My spirit that I would have you to receive for I have raised up this body of believers to be a doer of your name. You call yourself Impact Church and I have raised you up to have a powerful and dynamic impact upon your region of influence.

***A Word from the Holy Ghost to our Pastors***

The Word is "Courageous."

This is a day for courageous leadership, for leadership that will stand up and speak the truth in the face of much descent and much criticism for the world is angry with the church. The world is angry with my church. The world is angry with me, but I will not cease to speak the truth through you therefore be courageous. Be strong and of good courage and you shall overcome.

Now without my anointing upon you, the things I have just said to you by my spirit could not possible take place but my anointing is upon you and increasing and I am increasing that anointing on a daily basis and you have begun to detect this increase and see the fruits of it. The best is yet to come, but it's coming very quickly.
